

Here's what our Parents are Saying:

Just a little email to say thanks for a wonderful revue! Everyone did such a great job. Words cannot express how proud we are of our daughter on her first revue. You and your staff taught her so much this past year. We look forward to the many years to come at Creative Dance. We know that we made the right decision by putting her in your dancing school. You are truly the best! ~ H. Pellegrin

I just wanted to let you know that the revue was beautiful. All the girls did such a wonderful job and it turned out to be very nice. I am so proud of my daughter. I was in tears seeing my baby dance her little heart out when she did Kitty Rock. Thanks again and we are looking forward to dancing next year. ~ R. Hebert

I not only like this studio but I appreciate it because of the closeness between the instructors & the children of all ages. Also, it teaches the quality of dance not just the technique of dance. ~ E. Cancienne

We are delighted that our daughter has been with the studio since she was 2. When we go to dance competitions, dance camps, etc. our girls outshine in technique, poise . . . and it just goes on. We are very proud of our daughter and what a wonderful dancer she has become. Our thanks to Lori and her staff! You're the best! ~ N. Braud

Creative Dance Studio has given my daughter some wonderful memories this year. She was a hurricane evacuee taken in; as if she had always been part of their family. ~ M. Perez

Every year my daughter asks to return to Creative Dance and this is her 14th year!! Creative Dance's friendly and experienced staff is only one of their many assets. ~ J. Landry

Last night we had a great time. When she finished her numbers, I asked her if she was happy it was over. She told me "No." She wanted to keep on dancing. She couldn't wait for her first number. We were literally doing a countdown. The stage looked great. The dancers, including you were wonderful! The costumes were beautiful. We're beat. I wanted to thank you for making this year a very joyous one for the both of us. We both looked forward to all of the lessons. I hope you and your family have a very happy and restful summer. We will see you next year. ~ M. McLean

If I must say, I've always liked the costumes, lighting and stage production of the revues; along with the development of the kid's potential to dance. They've soared to new heights and are now able to participate and explore other options with ease while continuing to build upon what they've been taught over the years. ~ D. Hutchinson

Creative Dance Studio offers personal attention to the students as well as convenient class times and location. Couldn't have asked for a better dance studio to send my daughter! ~ L. Le

Creative Dance Studio is a wonderful place to send your daughters. The teachers are wonderful and take time to explain the dance moves to the students. The classes are small enough were students can receive the attention that they need from the teachers and assistants. ~ F. Herring

We tried another studio before we found Creative Dance, and it really made a difference. Ms. Lori is young, talented, and full of energy. It's hard sometimes to get a young child to commit to an activity that requires so much time and energy, but Ms. Lori makes it fun without sacrificing knowledge. Creative Dance Studio is more like a big family than a dance company. When my daughter goes to class every week it's to see her friends and the teacher she admires, and I don't have to drag her for that. ~ J. Roccaforte

The teachers are willing to go the 'extra mile' to help the students progress in dancing properly. ~ D. Jarrell

I love the fact that the faculty stays abreast of current styles and trends in dance, while never losing sight of technique. And I also like the variety of classes available. ~ J. Landry

Creative Dance Studio is wonderful. The classes help to build character and confidence in the children. ~ S. Clark

New recital location--can't be beat!! ~ C. Baer
